Welcome To
The Great American Miniature Donkey Sale

Saturday, May 31, 2003
Historic Lebanon, Ohio – Fairgrounds

May, 2003

Dear Donkey Enthusiast,

We are pleased to invite you to The Great American Miniature Donkey Sale, a select sale featuring quality registered miniature donkeys. The Sale will take place Saturday, May 31, 2003 (the Saturday after Memorial Day) at 12:30 PM, at the fairgrounds in historic Lebanon, Ohio. We hope you will plan to attend.

The Sale will consist of 48 miniature donkey lots comprised of 41 jennets, 5 proven jacks, a charity gelding, and a driving team. These miniature donkeys have been selected from those offered. Top breeders are consigning their best, as those donkeys represent their farm and breeding program. It would literally take you many days and thousands of miles to view an assortment of available, quality stock like that you can see represented at the Sale. The donkeys being offered represent diverse bloodlines, great conformation, sought after colors, and a variety of sizes and ages to attract breeders, show people, and donkey and equine lovers everywhere. Full information on each donkey, including pictures (as consignors make them available), may be found on our web page, www.donkeys.net.

There is something for everyone here, whether you are an experienced breeder, or just getting started. The jennet group features; yearlings, 2 year olds, mature jennets, bred jennets, jennets with foals on the side, and some jennets with foals and bred back. The 5 mature jacks are top quality with great structure and desirable bloodlines, ready to begin using now. A sorrel gelding will be offered to benefit the National Miniature Donkey Association (NMDA) Gelding Incentive, an important program relating to miniature donkeys. A great driving team is being offered, giving you a chance to continue in, or enter into, this fun activity. Donkey tack, gifts and curios, and donkey driving carts will be available for purchase. Whether you are looking for a show gelding or jennet, a team, a stud, a jennet with foal, brood jennets for your breeding program, or a loving pet, you are assured of finding only quality stock at this sale.

The Great American Miniature Donkey Sale is more than a donkey sale; it is an event, a 'happening'. Donkey enthusiasts everywhere look forward to events such as this and we expect a large turnout from across the Continent. It is an opportunity for folks, both those with years of experience, and those first exploring miniature donkeys, to get together, share experiences, learn from each other, have some fun, make new friends, renew old friendships, and, oh yes, see, bid on, and purchase some of the best quality miniature donkeys in North America.

We hope you plan to attend the Great American Miniature Donkey Sale. We feel confident you will enjoy it.

Thank You for Your Support.
Martha & Dowell Howard

PS – If you can't attend, but want to bid on the donkeys , please contact us before May

SUNDAY JUNE 1, 2003 ELMS FARM OPENHOUSE

We would like to invite everyone to The Elms Farm Open house Sunday after the Sale from 8:30 to 6:00. We're only about 8 miles from Lebanon and are situated between I-75 and I-71 for easy access. Directions are available on the web site and will also be available at the Sale. Stop by and see the herd, have some refreshments, and talk donkey. We are looking forward to seeing you.

Sale Directions & Lodging

The Great American Miniature Donkey Sale will be held in Building C, at the Warren County Fairgrounds in Lebanon, Ohio. The Fairgrounds are located 1.7 miles North of the center of town on Broadway Street, the main street in town. You enter through Gate 4. A key landmark is The Golden Lamb, located at the center of town. If you get lost, ask someone how to get to either the Golden Lamb or the Fairgrounds or Harness Racing Track. Everyone for miles around should be able to direct you. Please check the web site for maps, more directions and lodging.

Enchanted With A Donkey

“I pray thee, gentle mortal, sing again.
Mine ear is much enamored of thy note:
So is mine eye enthralled to thy shape:
And thy fair virtue’s force (perforce) doth move me,
On the first view, to say, to swear, I love thee.”

Great American Miniature Donkey Sale

TERMS AND CONDITIONS

Terms: Terms of the sale are cash or good check, with photo identification. All donkeys must be paid for immediately at sale end. No animals may be removed prior to close of the sale, and all donkeys must be removed from the premises by 8 PM, unless other arrangements have been made with the sponsors.

Bidding: All donkeys sell to the highest bidder. Any disputes or challenges will be settled by the auctioneer, and the auctioneer's decision will be final. The auctioneer may reject any or all bids. Bids are per lot. Jennets with foals on the side sell as one lot. Driving teams sell as one lot.

Risk: The owner assumes all risk for the donkey up to the point of sale. The buyer assumes all risk at the moment the auctioneer declares the animal is sold. The management is not responsible for loss or damages to personal property.

Announcements: All announcements on sale day from the auction block will take precedence over the material printed in this catalog. Every effort has been made to ensure the accuracy of the catalog. However, we assume no liability for errors or omissions.

Contract: The management, auctioneers, and employees act as agents for the seller, but assume no liability for either the buyer or the seller. Any representations made by the sales management are made on behalf of the seller.

The above terms and conditions shall constitute a contract between the buyer and the seller of each animal sold. All guarantees are between buyer and seller.

Health: The EIA/Coggins test will be less than 6 months old. Current health papers for transportation with state stamp, should be good for 7 days past sale date. Proof of pregnancy from a veterinarian is required for bred jennets, otherwise sold as exposed. Buyers are responsible to obtain the paperwork they need from the veterinarian after payment immediately following the sale.

Transport: We may be able to help you get your donkey(s) home. Please let us know if you may need this assistance.

General: Please note that donkey heights in the catalog have been provided by the seller. These may be adult or immature heights and are included only as helpful data. We encourage you to measure donkeys you are interested in purchasing, if the data provided seems inaccurate via visual inspection. All donkeys will be measured in public view at a designated area after arrival at the fairgrounds. Time to be announced.

Absentee/ Phone Bids

Please contact Dowell or Martha Howard at 513-398-3341 by Tuesday, May 27 for details on how they will be handled.

The National Miniature Donkey Association

Miniature Donkey Gelding Incentive Program

We are pleased to announce that we will be offering an outstanding sorrel gelding, The Elms Roy Rogers, to be sold to support the NMDA Gelding Incentive. This is your chance to help promote geldings, the 'Ambassadors to the Breed'.

NMDA Program Information

In order to further the National miniature Donkey Association's (NMDA) goal to protect and promote the Miniature Donkey Breed, the Board of Directors recently approved the creation of the NMDA Miniature Donkey Gelding Incentive Program. The Board strongly believes that by promoting geldings as true 'Ambassadors to the Breed', they will enhance the future of Miniature Donkeys by demonstrating their endearing gentle qualities and, at the same time, have a positive effect on an overabundance of jacks in the population.

The program is primarily intended for those who need assistance with veterinary expenses. For eligible NMDA member participants, the program provides a \$50 rebate subject to specific requirements including proof of castration and gelding registration. This unique program, believed to be the first of its kind for large animal breeds, was inspired by dog/cat spay/neuter programs.

For more details, contact the NMDA at nmdaasset@aol.com or call 315-336-0154 during business hours.

How a Charity Auction Item Often Works

In order to raise a more money for a charity program than a one time sale would, people interested in supporting the charity often decide how much they, or a group of them, would be willing to donate, and bid on the item. If they are announced as the winning bidder, they then indicate they are making a donation, and decline ownership of the item. The item then is re-auctioned. This may occur several times until someone decides to keep the item auctioned. All successful bidders, whether they keep the item or not, are responsible for paying their winning bids.

Where the money goes

100% of the money from all successful bidders goes to the NMDA. Martha & Dowell Howard, your sale sponsors, will cover the auctioneering cost of all sales of Roy Rogers.

Tax Deductibility

Donations specifically earmarked for the Gelding Incentive, such as donations made by forfeiting winning bids, are 100% deductible per the NMDA. A winning bid in which a person completes the purchase of the donkey, is tax deductible to the extent that the winning bid exceeds the value of the donkey per IRS regulations. The Great American Sale management will issue a statement on their letterhead indicating the amount of your donation payment and request the NMDA send you a receipt for your records. For specific questions on deductibility for your situation, please see your tax advisor.

Thanks for your support of the Gelding Incentive – here is your chance to make a difference.

Wow! This beautiful sorrel (red) gelding has the great DiDi build, straight legs, is stocky and square. He is muscling out well, and looks very mature for his age. Friendly and willing, he will make a fantastic show donkey or, with his mellow personality, make a fine pet. As a driving donkey, with the power and build he will have as a 3 year old, he should be superb. We are very pleased to donate this exceptional gelding to be auctioned off for the benefit of the NMDA Gelding Incentive Program. Donations are tax deductible, including your bid on this donkey. Plan to attend the sale, and be prepared to bid. He will steal your heart!

Impatience – Here is a straight correct jennet who could be shown now and added to your breeding program when she comes of age. Her sire, Windcrest Bentley, has produced a rainbow of colors, and we expect Impatience to contribute her part in this category. Fisher genetics are well represented in Impatience.

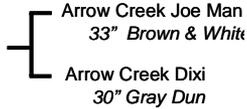

3

Arrow Creek *Kat*

Arrow Creek Arrow
34.5" Dark Brown

Here is a very well balanced brown/gray & white spotted jennet, sired by our 31.25" spotted herd sire, Arrow Creek Trace. Her pedigree is quite extensive and includes Glacier Springs Sam, as well as going back to Luigi 95. If you're considering adding spotted genetics to your herd, Kat would be an excellent choice to add some flashy dark color. (And, oh, by the way, there are some black ancestors lurking in Kat's pedigree as well.)

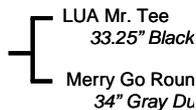

4

Merry-Go-Round's *Porscha*

Black With Cross Jennet, 31" (April, 2003)

Consignor: Merry-Go-Round's Mini's, Jun 7, 2002, Reg # 34052

Merry-Go-Round's Mr. Perlino
34.5" White

Merry-Go-Round's Theodora
34.5" Brown

It's been really a tough decision to offer this superb black jennet with a faint cross. Porsha is correct, has a nice head and good bone. Sorrel and black genetics are sprinkled throughout her pedigree, with both back in her great grandparents. Porsha should be a real asset in your breeding program if you are looking for black and/or sorrel genetics.

5

The Elms *Foxy Lady*

Dark Sorrel Jennet, Birth Height 20.5", 29" (May 2003)

Merry-Go-Round's Clementine 32" Dark Brown	— [Valentino 75 (AKA Red Ba 34" Dark Sorrel
		Merry-Go-Round's Jesse 31.25" Gray Dun

This small dark sorrel jennet was so attractive from Day 1 she just had to have this name. Her sire, FiftyFire (a Fireman son) stamps his foals with that "look at me" quality. Combine that with the great conformation from her dam Clementine (a Red Baron daughter), Foxy's rich dark red color, her beautiful head, and her desirable pedigree — she's a winner. Everything you could want in a small, colorful dark sorrel jennet for show and breeding.

Take a look at this nice black jack sired by 3 star rated PMF Bo Jackson and a grandson of Circle C Little Motown. Equinox currently measures 32.5" at 3 years of age and has produced very dark brown to black foals, with many being NLP. If you're looking to add the ever popular black color to your breeding program, Equinox would be an excellent choice.

7**HCF *Miss Avery Pinkston*****Light Sorrel Jennet, 31.75" (Jan 2003)****Consignor: Horse Creek Farm, Nov 1, 2001, Reg #: 33581**

What a nice little package - and pink, too! Her sire came out of the first "pink" herd in Ohio (Glick - 1970's), and her dam line brings in strong genes for dark brown coloring. Good bone all over and very correct. Avery is sweetness beyond compare and she is sure to make a wonderful addition to your herd.

Shawmar's Ginger 33" Gray Dun	{	Dodge City's Barnyard I 33.75" Black / Brown
		Brae Mor Cookie 34" Gray

Glamour is one of our best Canadian exports. She is an outstanding, well-balanced, compact miniature jennet with desirable genetics and great potential in the show ring. The genetic combination of this Fireman granddaughter on her sire's side and the Dodge City dark line on her dam's side, produced this striking jennet. Her mother, Braemor Cookie, has consistently produced what Glamour has to offer you today. Don't pass up your chance to purchase this Canadian beauty, already imported to the USA.

This 8 year old placid spot is the dam of Spirit Walker, a 29 1/4" show ring champion (Did we mention he is the world's finest stud?). She also foaled Pippin, the outstanding stud now at Texass Longears Ranch. Tina is the daughter of one of the first of the fine tiny Texas jacks, Triple C Sparky, out of Triple C Spotted Sue, a 33" spot. She is line bred to Spirit Walker, with a foal expected mid year.

Mercy Me has a lot of small sorrels, spots, and dark donkeys in her pedigree for the best of all worlds. Her dam's great grandsire is a 29" black jack. She has a very loving and friendly personality. Mercy will be a great show donkey now. Later, as a brood jennet, she will be a great producer to cross with any color jack. We had no intentions of ever selling little Mercy, but we wanted to offer our best in support of this sale. We expect great things out of Mercy Me.

Molly could very well be a black producer, as black is very strong in both sides of her pedigree. Miss Molly is a donkey that will touch your heart with her lovely nature and has a promising future in your breeding program.

34" Sorrel

Pebbles is a little light sorrel jenny with a very loving disposition, a gentle nature and sporting a coat of many colors. Her pedigree includes some small forebears, including a small spot (30.5") and a small brown (29"). Pebbles' dam, Rearview's Classy, came from two National Champions: Rearview's Spudzee (spotted) and a color champion, Rearview's Blossom (sorrel). If you're looking for jennet that's a little unusual and has great future possibilities to produce something a "little different", here she is!

How can you go wrong with this small, balanced jennet? Rhapsody has a terrific pedigree. Her dam is an L.N. Sonfire daughter who also carried the Fisher line. Her sire is unrelated to most sorrels, so she's a nice outcross. There is a lot of sorrel and a lot of short, correct donkeys in Rhapsody's pedigree. She herself was only 20" at 24 hours old, with a birth color of dark cherry. Since we clipped her, she looks gray. Her future color is anyone's guess, but I think she is going to be more black cherry than gray.
